

Mark Petzinger

Mr. Petzinger has worked in the aircraft industry for over 25 years, the last 15 years with FedEx Express. Since 2006 he has been in the Strategic Projects Engineering Department where he has participated in the research, design and development of both the active and passive fire suppression systems associated with the main deck Fire Suppression Systems for use onboard freighter aircraft. The last three years he has worked on Lithium battery packaging to suppress the spread of thermal runaways.
