

Alex Klieger Biography

Alex Klieger is a Research Engineer working in the Fire Research & Development group at Underwriters Laboratories (UL LLC). Alex graduated from the University of Illinois with a Bachelors in Mechanical Engineering and from the University of Maryland with a Masters in Fire Protection Engineering. The research Alex conducts supports the advancement of new and existing UL test methods and standards for fire protection products. This includes circuit integrity cable, fire suppression systems, and the transportation, containment, suppression, and safe disposal of lithium ion products ranging from single cells to large scale energy storage systems.
