

Michelle Chevalier, Global Account Manager at UL Solutions, works with clients and their supply chain to understand challenges around market access, regulatory compliance and sustainability to develop solutions to help mitigate risk and meet business process needs. Prior to coming to UL, Michelle managed technology transfer for The Research Foundation at The State University of New York (SUNY) and business development at the SUNY College of Nanoscale Science and Engineering. Michelle has a BA in Biology from Russell Sage College and a Master's degree in Public Health from The University at Albany.
