

Marie-Laure Moulard

1998-2000: Certification Engineer private jet aircraft

2000-2003 : Head of Office of Airworthiness (private jet aircraft)

2003-2022: Cabin Safety Certification manager (large airplane)

I am a certification manager at Airbus in Toulouse, with expertise in the cabin safety, physical security and flammability rulemaking domain on large transport aircraft, and also experienced on the certification of complex VIP cabins.

Since I joined Airbus in Jan 2007, I have coordinated the certification implementation on the flame propagation and flame penetration rules on all Airbus aircraft, led the cabin safety type certification activities on A350, A321 cabin Flex and XLR and on the increase of the maximum number of passengers on A320 Family and A350.
