- 14:30-15:00 Shuttle Transportation to Gate 18 Parking, Attendees Exit through Main Gate

### **SYSTEMS MEETING DETAILS AND HOTEL INFORMATION**

#### **TASK GROUP MEETINGS RESPONSE REQUIRED by September 12:**

Please review the Preliminary Agenda and email April ([april.ctr.horner@yfaa.gov](mailto:april.ctr.horner@yfaa.gov)) to let her know which Task Group meetings you plan to attend. Some Task Groups continue through more than one Task Group session, so be sure to include the date/time of the Task Group meetings you will attend. It is best to plan to

attend the meeting until its end each day, because required shuttle transportation to the remote parking lot will be provided at the end of the day. Some Task Groups will offer virtual participation. Please contact your Task Group lead directly if you are interested in participating in that Task Group meeting virtually.

**MEETING REGISTRATION ON FAA FIRE SAFETY WEBSITE:**

I will send an email later today with meeting registration information. Registration will close September 12, 2023, due to required visitor security request processing. Be sure to register early so I can start your visitor request process. Some additional information will be required when you register on the FAA Fire Safety website.

**NO ON-SITE REGISTRATION OR LATE REGISTRATION:**

We will not be able to accommodate anyone attempting to register after the September 12, meeting registration cutoff date or any on-site registrations due to security request processing procedures.

**FAA TECHNICAL CENTER IS A SECURED FACILITY:**

Visitors will park in the remote parking area and walk to the Gate 18 area to check-in with FAATC Security Personnel and pick up their visitor and attendee meeting badges. From there, they will be shuttled to the Main Building. A Fire Safety Branch team member will be at the door to let meeting attendees in and direct them to the Auditorium. Visitors require escorts while on FAATC property. It is best to plan to attend the meeting until its end time each day as visitors must ride the shuttle to the remote parking area. All visitors must be escorted off the property as well.

**FAA TECHNICAL CENTER IS A SMOKE FREE FACILITY:**

Smoking is prohibited inside all FAA Technical Center buildings. Smoking is only allowed in designated smoking areas outside of facilities. Smoking will only be permitted during scheduled breaks in the agenda as return access to the buildings requires an escort to unlock the doors.

**LUNCH BREAKS:**

We are planning for all attendees to purchase their lunch in the FAATC Cafeteria. It is located in the same building as the Auditorium. The Cafeteria offers a variety of sandwiches, a hot and cold item salad bar, soups, a grill, burgers, daily specials, sides, cookies/brownies, and a variety of hot and cold beverages. The Cafeteria accepts credit cards and U.S. currency.

**NO FAA TECHNICAL CENTER TOURS:**

It is not possible to offer FAA Technical Center tours during the meeting week, so no tours will be offered.

**TYPES OF VISITOR REQUESTS & SOME ADVANCE INFORMATION:**

When you register online on the FAA Fire Safety website you will be required to select one of the following visitor categories: U.S. Citizen/Naturalized U.S. Citizen or U.S. Lawful Permanent Resident (LPR) or International Visitor/Foreign National or PIV/CAC Work ID Badge Holder (U.S. Gov't Employee/Contractor or U.S. Military/Civilian Employee/Contractor).

U.S. Citizens/Naturalized U.S. Citizens: I will be required to submit requests in advance for security processing.

Lawful Permanent Residents (Green Card Holders) will be required to send me a secure email, encrypted with a copy of their Green Card. I will then submit this with a visitor request to DHS for approval. Please plan to send me the email when you register online for the meeting as security processing takes time.

International Visitors/Foreign Nationals: I will initiate a request for each international visitor from our website attendee list, then you will receive an email with a URL key-encrypted link to complete your personal data, DOB, passport, address, etc., and then submit it. I strongly suggest you complete this as soon as you receive the link. I will be required to log-in and submit your request to the FAA International Visitor Program (IVP) after you complete your personal data and submit it. I have a

limited window of time to submit your completed requests to IVP, so if you delay you may not receive approval to visit the FAATC to attend the meeting.

PIV/CAC Badge Holders: I will be required to submit a list to our FAATC security. You may show your PIV/CAC to onsite security staff at check-in.
